

Limit Detector

MONITORING LIMITS OF LAW IN A FEW CLICKS

Subscribe to Limit Detector and know in a few clicks the applicable maximum limits as defined by food regulations for a specific substance and/or product in a specific country.

Better Food. Better Health. Better World.

Check contaminant limits in a few clicks

Limit Detector supports food operators to ensure safety and compliance of food products as regards contaminant levels.

Designed by **Mérieux NutriSciences "Food Compliance Solutions" Unit**, this service consists in monitoring vertical and horizontal legislations and to provide regulatory limits of chemical (except pesticides) and biological contaminants in an easy-to-use tool.

**SEARCH BY:**

MARKET
